Starting at who obtained the first penalty, the other exhibitors wins the tie. If no penalty tie breaker than the first maneuver rule applies, scores will be compared and highest maneuver score wins. This comparison will continue until the tie is broken. If the tie is not broken, a coin toss will be used to break the tie.

II. SFRHA Green Reiner Program. The purpose of the SFRHA Green Reiner Program is to provide new Reiners the opportunity to become acquainted with the basic reining skills in a competitive yet friendly environment.

The only eligibility restrictions for participation in the Green Reiner Program are that the rider be a member of the SRFHA and have little or no prior NRHA sanctioned reining experience. Any rider who has won more than \$100.00 lifetime in NRHA competition is not qualified for the green reiner program. Although it is highly recommended that the rider have access to a well-trained horse, there are no restrictions placed upon the ownership, breed, age, training, licensing, or prior ring experience of the horse.

The SFRHA Green Reiner Program has two levels increasing in complexity, building

upon the skills learned in the lower level. Progression through the levels is automatic based upon each individual's accumulation of Green Reiner points. Green Reiner points are computed by subtracting sixty (60), from the score received. An accumulation of forty (40) Green Reiner points earns the competitor a certificate and moves the exhibitor from Green Reiner (I) to Green Reiner (II). The exhibitor remains eligible for Green Reiner (I) for the remainder of the year in which he earns his fortieth (40) point. An accumulation of eighty (80) points earns the Green Reiner a SRFHA buckle. Green Reiner (II) is a jackpot class and earnings of \$100.00 (in Green Reiner or any other classes), graduates the Green Reiner from the program. The Green Reiner remains eligible for the Program for the remainder of the year in which he reaches eighty (80) points and/or \$100.00 in earnings.

To be eligible for the Green Reiner buckle, the rider must be a member of the SFRHA and earn all of his points in SFRHA competitions.
